**Secluded rustic hunting cabin with acreage**

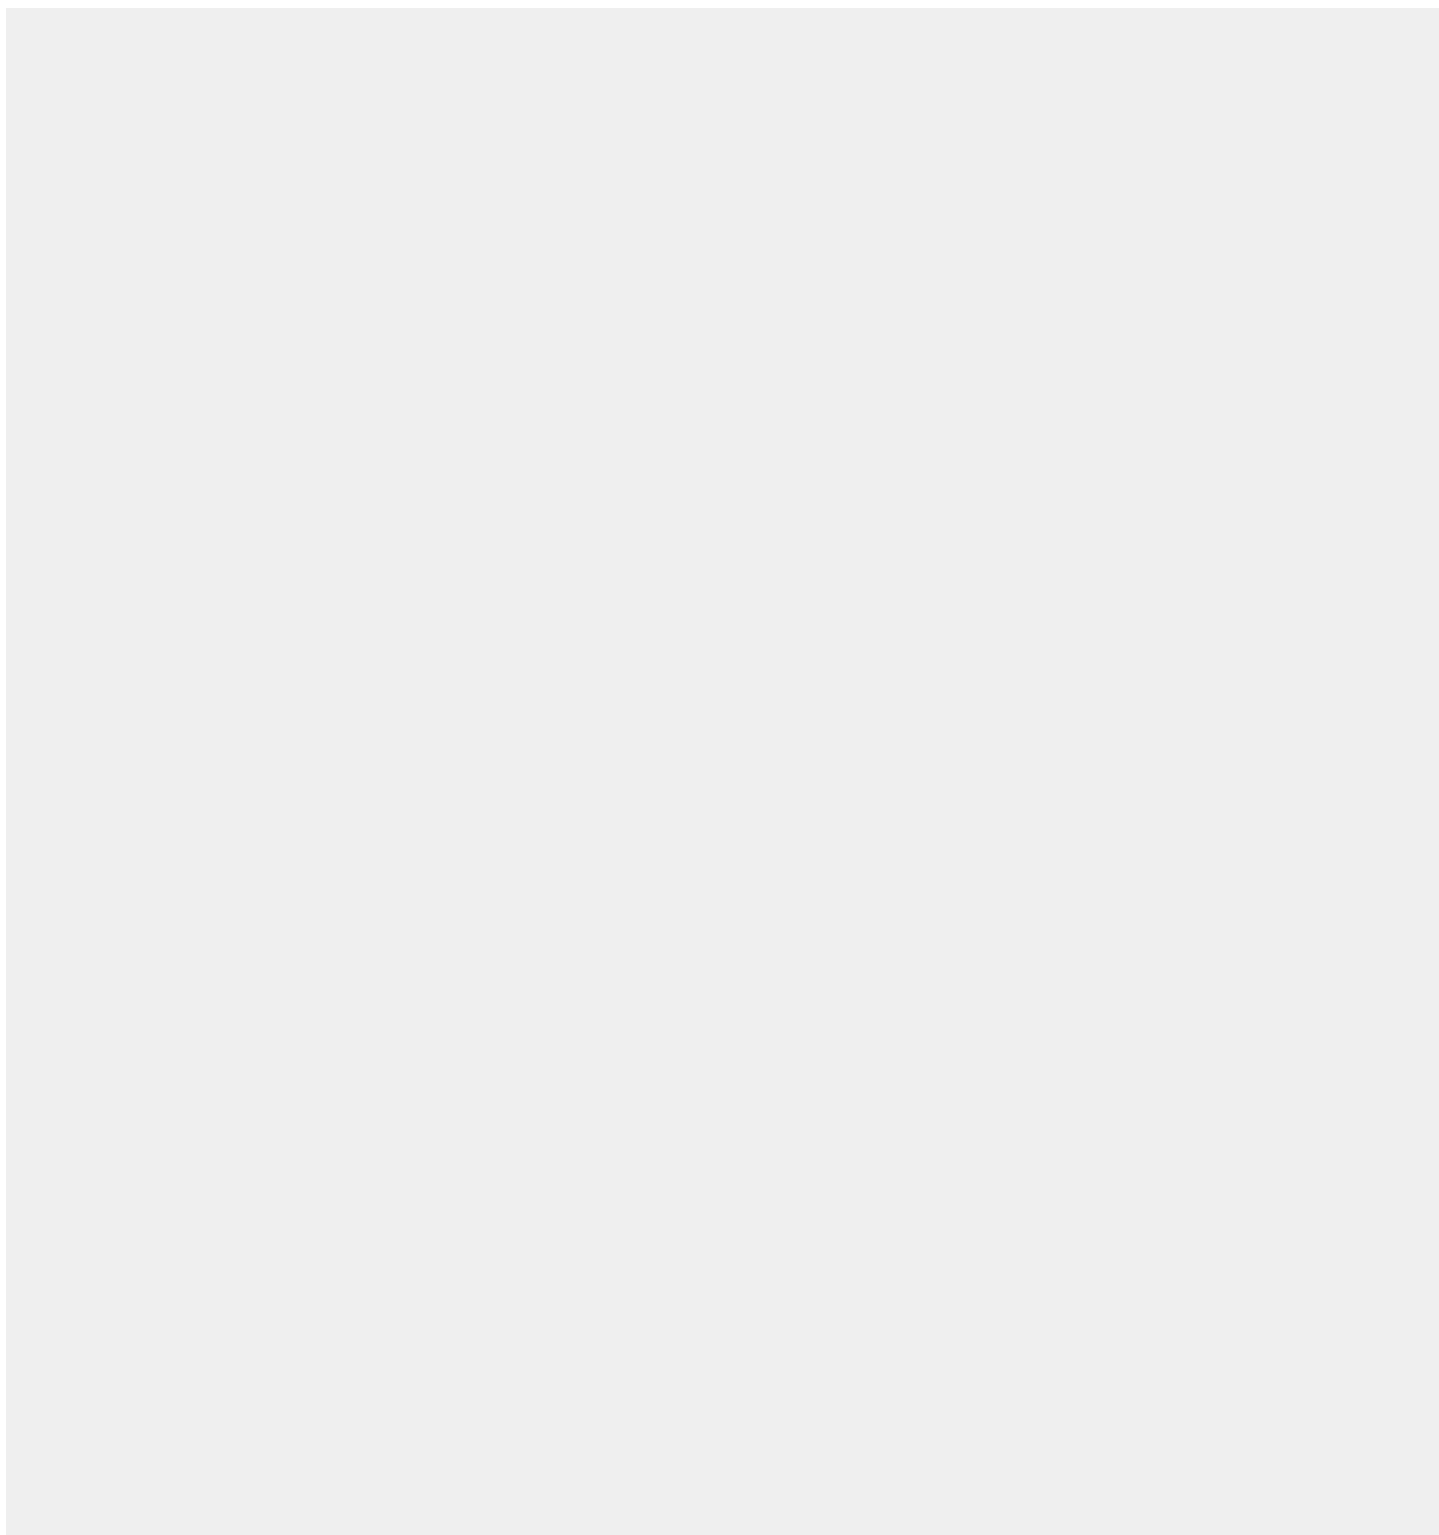

This is your secluded, cabin with acreage and private well in the Ozarks for hunting and hiking. With a spring, pond, and rustic house your private getaway will have deer, turkeys and plenty of animals around. The pond is shared with the neighbor, and

you will have an undeveloped spring to shape how you want. With your 24.56 acre piece of land, you not be cramped next to any neighbors. Trees surround the property which conceal it from outsiders. You will have enough pasture to start with your own horses, cows, goats or sheep. There is enough wilderness to design this property how you want it.

This rustic cabin of 600 square feet is a one bedroom, one bath cozy getaway. The open floor plan easily moves from the kitchen and dining room to the living room. Your dream to start your very own homestead can be done on this piece of land. Watch the fireflies at night and listen to the rain falling on the metal roof. In the mornings, you can see deer on the property and harvest your own meat if you desire to hunt from your back yard.

You can live within 30 minutes of the Buffalo National River where you drop your canoe or kayak in the water and enjoy the scenery. Greers Ferry Lake and Bull Shoals are just a short distance away.
